Convenience and safety meet next-generation technology and performance in the Avantco IC1800 countertop induction range!

Perfect for use in omelet stations, catering services, display cooking, or anywhere you need an extra burner, this induction cooker is safer than conventional countertop ranges since there's no open flame or flammable fuel source, and the heat dissipates quickly after the cookware is removed. It can compete with other countertop ranges in performance as well, heating up to temperature with lightning speed!

CE Listed

This item complies with the standards imposed by the Conformance European (CE), a division of the Intertek group.

FCC Compliant

This item has been verified or certified by the Federal Communications Commission (FCC) and will not cause harmful emissions.

ETL US

This item meets the electrical product safety standards imposed by the ETL, a division of the Intertek Group, for use in the United States.

5-15P

This unit comes with a NEMA 5-15P plug.

★★★★★

"This item is extremely useful for show cooking. It is a safer countertop cooker because it does not have an open flame. There are many great features such as a digital display. We use this as many times as we can come up with an excuse to use it."

Read More Reviews

10 1/4" Cook Surface

This induction cooker is compatible with induction-ready pans that have a bottom diameter between 4 3/4" and 10 1/4". The cooker enters "standby" mode when the pan is removed from the surface.

Built-In Timer

The induction range features a 175-minute timer, which allows you to set the cook time and do other tasks while you wait!

Stainless Steel Body

A stainless steel frame gives this unit exceptional durability, while also making it easy to clean.

Fast, Flameless Heat

This countertop range uses induction technology to generate heat with no open flame. This means less ambient heat in your kitchen, fast heat-up times, and most importantly no open flame or flammable fuels that could be a potential safety hazard.

Multiple Cooking Modes

The IC1800 boasts 1800W of cooking power, and you can cook using either a wattage-based "power level" mode, or adjust the temperature directly from 140 - 460 degrees Fahrenheit in 10 degree increments

400 degrees Fahrenheit in 10 degree increments.

Customer Q&A

Ask a Question

- Can this induction range handle any pan capacity?
- What's the best way to use my Avantco countertop / drop-in induction range?

6 out of 8 found this review helpful

After our Vollrath Commercial Series 6950020 induction burner was sent out for repair, we searched for a replacement. The first thought was to purchase the same model but, upon finding it out of stock, our webstaurant

rep recommended this unit and following his advise, we purchased it. Within the first few hours of use, my cooks and dishwashers were coming up to me complaining of a high pitched ringing coming from the unit. Not everyone heard this squeal, which begins around 11, getting more intense when increased to 15. After I came over to check it out I realized what they were complaining about. It was so bad I became slightly disoriented, and

turned down the unit until it stopped producing the sound. Many others who have reviewed this product also have noted this sound. Maybe they deal with it by leaving it turned down below 11. Unfortunately our kitchen **Read More**

Andrew G. from **Cafemantic** on **01/04/2016**

Thank you for the review! We are sorry this unit did not work well for you. Our Customer Solutions team was happy to help you in offering credit for the defective unit.

2 out of 2 found this review helpful

We were looking for an option for our small kitchen in our shop and this fit the bill perfectly. It sits right on our countertop and heats the water fast for our pasta and potato salads.

Lane C. from **Open Range Coffee & Cafe** on **07/26/2016**

2 out of 2 found this review helpful

This is just what we needed to be able to do some cooking in our restaurant. After taking over this business, I needed to add some equipment that was missing and this counter top stove top was just what we needed to be able to cook pasta, saute, make fresh soup, etc. Cooks great although there is a buzz some can hear when on full blast. It takes a bit of getting used to the settings so you don't burn what you are cooking, just like a gas or electric burner, but adjustments are easy and quick to get used to. You do not have to use the timer setting and can keep it going continuously. You must use "special" pans but they are not expensive and heavy weight.

Greg B. from **Big Family Pizza, Inc** on **12/21/2015**

2 out of 2 found this review helpful

A great induction range. The heat increments are small so it's perfect to dial in the right amount of heat. I can sweat onions for 30 min without having to check them to see if they are burning.

Matthew V. on **11/24/2015**

1 out of 1 found this review helpful

The kitchen in our restaurant is very small so we ordered this to assist with cooking items when all burners are in use. It works great and is used primarily for cooking sauces.

★★★★★ 1 out of 1 found this review helpful

This item is extremely useful for show cooking. It is a safer countertop cooker because it does not have an open flame. There are many great features such as a digital display. We use this as many times as we can come up with an excuse to use it.

Rory V. on **02/15/2016**

★★★★★ 1 out of 1 found this review helpful

We use this product when we are doing special events, we are display cooking. We like it because there is no open flame or exposed burner. It has many settings and a digital display screen which always is a function that makes things easier.

Christine T. on **01/22/2016**

★★★★★ 1 out of 1 found this review helpful

Bakery isn't huge for a full stove top equipment so I purchased this and it works wonders! Love the set temperature option and a timer too!

Lindsay M. on **12/29/2015**

★★★★☆ 1 out of 2 found this review helpful

The Avantco IC1800 Countertop Induction Range Cooker has a stainless steel body that is sturdy and has a good weight to it, not too heavy not too light. I love the dial that controls the heat level and holding temp. The buttons have a loud audible beep to it. On heat level 15 there is a very high pitched squeal that annoys me, on a lower level it does not have this sound. It boils water fast. I am happy with my purchase so far.

Grace C. on **11/03/2015**

★★★★★ 1 out of 1 found this review helpful

we purchased 2 of these units. they work perfect with our cast iron and the stainless steel pots we have. they are easy to clean and perfect for our offsite catering events

Tyler W. from **UT Culinary Institute** on **09/25/2015**

★★★★★ 1 out of 1 found this review helpful

I cannot say enough good things about the Avantco IC1800. We originally purchased one of these to use as a test to the value of induction cooking for our needs. We were blown away... it does everything it claims, and does

it well. The unit is easily cleaned and looks great after several months of daily use. In my opinion, the one feature that needs more discussion is the ability to set a cooking temperature rather than using a simple numbered setting. The unit accepts temperature settings in 10 degree increments, and is fairly accurate. I find that I sometimes have to adjust the temp up or down (usually down) a bit below the displayed temp, but knowing that it does perform consistently. We use these when making soups and sauces, or anything that has to be held at a consistent temperature for extended cooking. In fact, we were so happy with their performance that we purchased a second IC1800. I don't hesitate to recommend these units to anyone considering induction cooking.

Duane A. on **03/12/2015**

★★★★★

A great addition to any restaurant! A solid workhorse! Our Induction cooktop is used at a minimum of 3 hours a day without any issues...

Jeffrey J. from **The Wooden Spoon** on **04/15/2019**

★★★★☆

This range is excellent. It responds instantly to temperature adjustments and allows for fine control while cooking. Depending on the pan, setting, and how full it is, the cooler can at times let off a high pitched noise. Otherwise, this is a great product.

David C. on **03/14/2019**

★★☆☆☆

Purchased two about 2 years ago. Both broke down within a week or two apart. Warranty is only good for 6 months so its basically trash. I guess you get what you pay for with the price. Worked for us while it did...

Grace H. from **Zeytuna** on **01/17/2019**

We appreciate your feedback! We're sorry this didn't work out for you. If you are looking for a new unit, please feel free to reach out to our Customer Solutions team for assistance.

WebstaurantStore Customer Solutions

★★★★★

I've purchased 2 of these and so far so good. The high pitched sound is audible if you use the temperature setting. However, if you use the power setting, the high pitch sound is not as audible. It's not as noticeable in a noisy environment and as long as you don't put the setting to high. It works fine for me as I only need it to boil water.

water.

Victor C. from **Bobaville** on **12/22/2018**

★★★★★

We love this induction range. It is a good size for the majority of pots we have, and it has lasted a long time! The cord opened slightly, so we used electrical tape to reseal it and it is as good as new!

Lauren B. from **Pie Bar** on **12/22/2018**

★★★★★

Love these. Super dependable induction tops. We use them for prep and during service. No complaints whatsoever, and they are really a very good value.

Jason S. from **Courtland Club** on **12/13/2018**

★★★★★

This has worked perfect in our coffee shop! It heats up fast and gets plenty hot. It does take a certain kind of pan, we use cast iron.

Jennifer J. from **The Coffee Barn** on **12/09/2018**

★★★★★

Love this one! Has great power, I can not have an open flame, this eliminates that problem. I would get another if I need one!

Chef D. from **Darrell's Devils Food Llc** on **10/26/2018**

★★★★★

A workhorse in our kitchen. It is sturdy, large enough to accommodate a 40qt pot, and heats up very quickly. Since we don't have gas in our chocolate shop it's nice to have fast, reliable heat without a traditional stove-top.

Preston S. from **Markham & Fitz Chocolate** on **10/24/2018**

Make cold food storage as convenient as possible with the Avantco 72" undercounter refrigerator.

This undercounter refrigerator is the solution for any operation that's in need of cold food storage, but tight on space. Just roll the unit beneath a

counter or work table and store cold products in the roomy 16.9 cu. ft.

counter or work table and store cold products in the roomy 16.9 cu. ft. interior! It's stainless steel design ensures that it withstands heavy, regular use, and its easy operation cuts down on the time spent fiddling with and monitoring the settings for optimal performance. The eco-friendly refrigerant even benefits the environment, providing your operation an easy way to look after not only your customers, but the earth, too.

ETL Sanitation

ETL US
This item meets the electrical product safety standards imposed by the ETL, a division of the Intertek Group, for use in the United States.

5-15P
This unit comes with a NEMA 5-15P plug.

Refrigerated Storage

With a spacious refrigerated portion readily accessible through its three doors, the unit opens up to three shelves to help you organize your ingredients and best utilize the 16.9 cu. ft. interior. Plus, because they each accommodate up to 90 lb., the epoxy-coated steel shelves are well equipped for holding heavy bulk ingredients, from dozens of eggs to jars of condiments and sauces.

Eco-Friendly Refrigerant

This refrigerator ensures optimal performance by operating with a 1/5 hp refrigeration system that circulates environmentally-friendly R290 hydrocarbon refrigerant to maintain temperatures from 33 to 40 degrees Fahrenheit. R290 refrigerant has an ozone depletion potential (ODP) of 0 and a global warming potential (GWP) of 3, making it an environmentally-responsible choice for your business. The foamed-in-place polyurethane insulation helps to maintain internal temperatures and adds rigidity to the body's structure.

Designed for Durability

This unit is designed for outstanding durability to ensure that it withstands tough, busy kitchen environments with ease. It features a 430 type stainless steel exterior, which provides both strength and a smooth, sleek appearance. The interior, made

which provides both strength and a smooth, sleek appearance. The interior, made with 304 type stainless steel, also offers the durability necessary for heavy, regular use.

Easy Operation

Operation of the refrigerator is easy, thanks to its special features. Monitor it by consulting the interior wall-mounted thermometer, and use the auto-defrost feature on the pre-programmed digital controller to maintain the refrigerator in tip-top shape.

Undercounter Height

Because of its undercounter design, the unit adds refrigerated storage without requiring space devoted solely to its footprint. This makes the refrigerator ideal for busy operations in need of storage, but tight on back-of-house space.

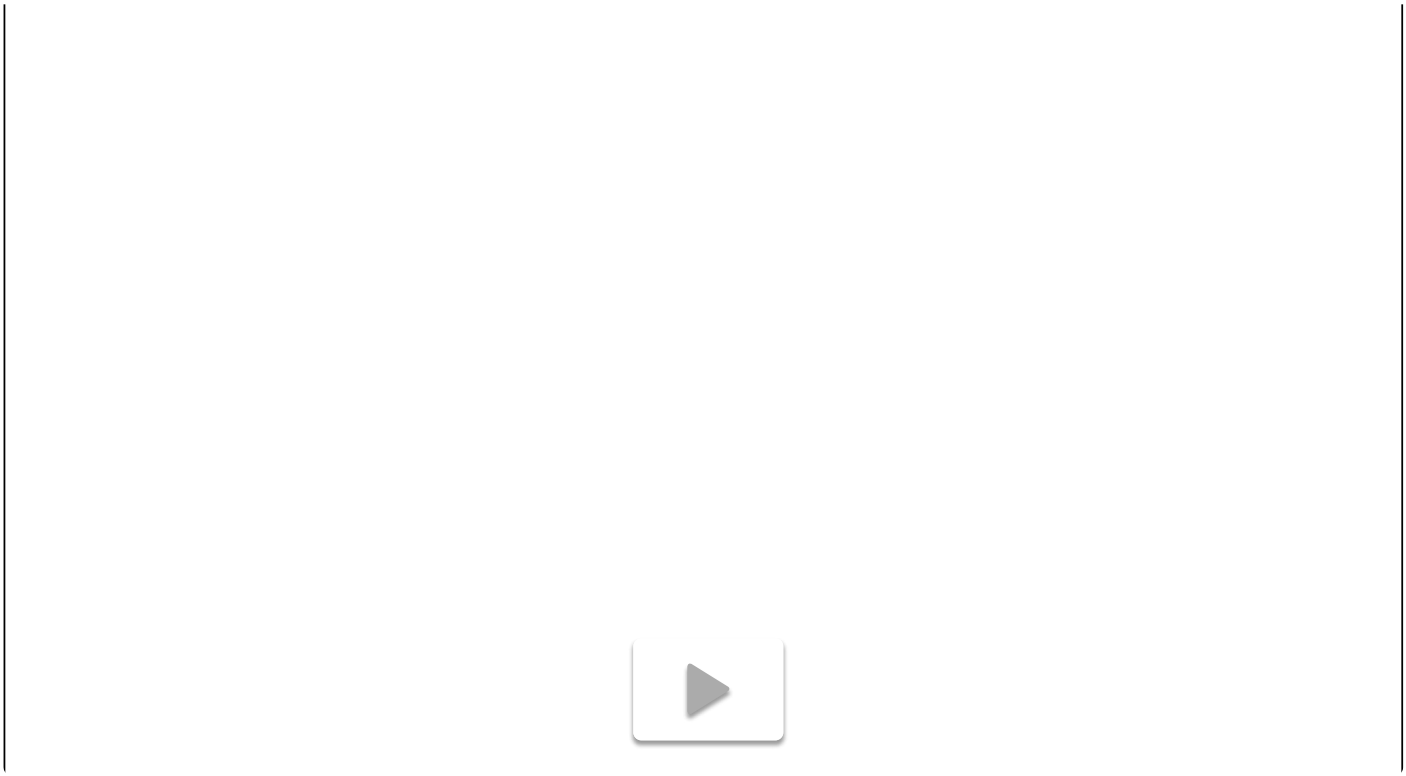
Casters Included

To make cleaning and maintenance as quick and easy as possible, the unit comes standard with a set of casters. The casters allow you to easily roll the unit aside to thoroughly clean or to access the back for servicing.

Customer Q&A

Ask a Question

- How do I know if this unit will fit under or match the height of my ADA-Height counter?
- I haven't heard of R290, R600a,or R513a refrigerant before. What is it?
- Can this unit be built into cabinetry?
- How do I correctly install the shelves into this unit?
- Why is there a step in the interior of this undercounter unit?



Avantco Undercounter Refrigerators

Avantco undercounter refrigerators offer convenient storage for all of your most used products. Available in 4 sizes, ranging from 27" – 72" wide, there's one to fit your needs. These undercounter refrigerators use eco-friendly R290 hydrocarbon refrigerant to help keep your business green. They are designed to maintain temperatures from 33 to 40 degrees Fahrenheit using a pre-programmed digital controller and auto-defrost. Designed for durability, each Avantco undercounter refrigerator features a stainless steel interior and exterior. For organized storage, these refrigerators come with epoxy-coated steel shelves to match the number of doors the unit has. Each shelf is capable of bearing up to 90 lb. of weight! A set of four casters is also included for easy mobility around your workspace.

door | opens | stays | stay | right | open | Needs | lighted | infuriating | easily

Arrange by Most Helpful

Good enough. Needs to be lighted. Came a bit dented. The right door opens up too easily, even when another door is closed. On top of that, the door does not stay open like the other. It closes 90% of the way and then it just stays there. Its infuriating.

Two simple switches control this machine, with one powering the interior lamp while the other turns the agitator and heats the kettle to initiate a popping cycle. The kettle is made from 20 mil thick aluminum for excellent heat

and heats the kettle to initiate a popping cycle. The kettle is made from 20 mil thick aluminum for excellent heat transfer and boasts an anodized non stick coating that makes cleaning a breeze. Once the kernels are popped, they're dumped onto the stainless steel deck which has perforations so that unpopped kernels can be collected in the old maid drawer. This not only expedites cleanup, but keeps unpopped kernels out of your bagged product for a better customer experience! A 120V electrical connection is required for operation.

Benchmark USA 51040 Details

Keep your pizza, sandwiches, and other hot food warm and fresh while boosting impulse sales with this Benchmark USA 51040 12" warmer / merchandiser! This unit has attractive graphics on the front and back panels for valuable merchandising effect, while a door on each side allows it to be used as a full service machine on a rear counter or a self service machine on a front counter. 3 adjustable chrome-plated racks can be installed flat or on a slope for even greater merchandising flexibility.

An on/off toggle switch combines with an adjustable thermostat to make operation a breeze. Tempered glass

panels surround your product to keep it warm and safe from airborne contaminants without inhibiting visibility, while the stainless steel and aluminum body is extremely durable and simple to clean. To further help expedite cleaning, select components can even be cleaned in a dishwasher! A 120V electrical connection is required for operation.

We bought it to help keep slices of pizza hot. It works very good. Also I like that customer can see it from the other side.

Invite customers in for a visit with this Choice 19" x 10" LED rectangular open sign with two display modes!

This sign combines bold graphics with bright lighting for an eye-catching display that will encourage passersby to make their first visit and regular customers to return. Two display modes - static and blinking - offer versatility, while LED lights ensure energy savings when compared to traditional neon signs.

UL Listed

This item has been tested and meets safety standards imposed by the Underwriters Laboratories (UL).

1-15P

This unit comes with a NEMA 1-15P plug.

Simple Controls

This sign comes with an easy-to-reach on / off switch on the power cord, as well as a red button on the bottom that controls switching between the two modes. One mode blinks while the other remains static.

Energy-Efficient LED Lighting

This sign uses half the electricity of traditional, high-voltage neon lights and operates silently so customers won't hear the bothersome buzzing noise emitted with comparable neon signs. Plus, LED lighting ensures visibility up to 500 feet away, even in daylight and when placed behind glass.

Easily Attract Customers

To draw customers in, this LED sign features the word "OPEN" in bright red letters with a blue and gray graphic encircling it. The power cord is attached to the bottom of the sign, and the other end plugs into any standard wall outlet for easy use. Setup happens in a snap with this sign's included silver hanging chain!

Customer Q&A

Ask a Question

What are the advantages of LED signs over neon signs?

Can this LED sign be used outdoors?

Bring customers to your business with this Choice 25" x 42" black wood a-frame sign board!

Use this board to draw eye-catching displays perfect for conveying important messages or enticing customers to come inside. It's an effect signage solution to highlight dinner specials, featured drinks and desserts, or even upcoming events at your restaurant, bar, pub, ice cream shop, or retail business. This board is an excellent alternative to costly banners or printed materials.

★★★★★

"This has completely changed our business. The customers love seeing our daily specials when they come in the door! Best purchase we have ever made!"

Read More Reviews

(2) 23" x 30" Writing Surfaces

With ample 23" x 30" writing surfaces, use the 4 wet erase markers included to write or draw with darker, easy-to-see colors that contrast against the sleek, black display.

Sturdy 4" Feet

Its (4) 4" feet give this sign a steady foundation, while the plastic glides keep it from slipping or scratching your floor's surface.

Classic A-Frame Design

This double-sided board features 2 black marker board writing surfaces situated between an attractive, black wooden frame. The open a-frame design locks into place with an easy to use hook, making it a great, reliable option to convey your most important messages.

2 out of 2 found this review helpful

You get what you pay for, I guess. The unit looks nice and is easy to write on, but the hook-and-eye assembly, when used, sets the board at a very high upright angle, making it susceptible to being knocked over by even the slightest breeze. Unfortunately, the screws used to mount the hinges are absolutely tiny, so the unit breaks apart

the instant it hits the ground. We've only been using ours for about 2 weeks and it has fallen over and come apart twice. Hopefully the beefier screws I put in will help it this time.

Ryan M. on **07/06/2017**

We are sorry this product did not meet your expectations, for recommendations please contact our Customer Solutions team.

WebstaurantStore Customer Solutions

★★★☆☆

1 out of 1 found this review helpful

The board is a great price but very flimsy broke really fast... one hit to the ground and good bye. Erases really easy, comes with markers but I like to use my own

Lisa T. on **08/30/2017**

★★★★★

We have used this side walk chalk board for outdoor advertising. This chalk board is made well and is very durable. The chalk board has been through rain, snow and wind. Highly recommended.

Melissa M. from **Main Street Nutrition** on **02/01/2021**

★☆☆☆☆

We have gone through 3 of these in the past year and it has been incredibly frustrating. They arrive looking beautiful, are easy to write on and easy to wipe off, but are unbelievably light that they are tossed to the ground with just the slightest bit of wind. Since the frame is painted black wood, when it falls it scuffs and breaks the frame making the natural wood show through and making the entire sign look instantly shabby. The first one we thought was a fluke, which is why we ordered a second one, when that one broke, we ordered a third one giving it the benefit of the doubt, especially given the price, but each one has broken and started to look shabby within 2 weeks of use. We ended up taping cinderblocks to the base so it doesn't get toppled over by the wind, but that makes **Read More**

Charlotte G. from **Bard & Baker Board Game Cafe** on **08/27/2020**

Thank you for your feedback! We're sorry you did not prefer this product. For recommendations, please contact our Customer Solutions team.

★★★★★

These came packed and wrapped very well. This is the best price that I found online when looking for chalk boards for our event of 1500.

Megan A. from **Creative Cuisine** on **07/10/2020**

★★★★☆

This was nice for a while. If you take good care of it I think it will last a while. We use them outside and move them around a lot so they started to get scratched and worn easily. They are not for chalk although the markers that came with it looked like chalk (we knew it wasn't chalk when we bought). The markers arent all super bright.

Scott D. from **Scotty's Homemade Italian Ice, LLC** on **06/13/2020**

★★★★★

This board is exactly what we were looking for! Board has a hinge and allows you to utilize both front and back of board! Also comes with a few different color markers!

4 B. from **Aloha Tropical Bowls** on **03/21/2020**

★★★★☆

Very sturdy and has a great sidewalk presence. Easy to write and erase with simple glass cleaners. Comes with 4 colorful markers which is a bonus!

Louis T. from **Terrace Bagels** on **02/08/2020**

Marker board sidewalk signs are so much better than chalkboards. They are easier to read and clean up better. This is an awesome price for a quality product.

Daddy D. from **DADDY D'S BBQ** on **01/26/2020**

This is an ok product. It looks fine, and will do what it is designed to do, but it doesn't last all that long. We bought ours a few months ago and it's already breaking down a bit

Nick L. from **AIX** on **01/05/2020**

This sign was good, markers will come off easily with a simple wipe. Only problem is that it is pretty light and tends to fall over easily.

Melao C. from **Melao Cafe & Creamery** on **11/13/2019**

really great sign! the size is big which is nice and it has nice rubber footers on it so it doesn't move around on the ground and is stable.

Cassandra C. from **My Main Squeeze** on **10/15/2019**

This marker board is phenomenal, it the perfect size for out front, the colors & writing looks so vivid on it, definitely gets customers attention as they walk by.

Athenia P. from **Sweet Treats Delight** on **09/04/2019**

This is a very good, economically priced sign. We do touch it up with paint from time to time. I was impressed with the size of this for this price.

Karey N. from **The Riddell Group, LLC** on **09/01/2019**

Nice size, good quality. The markers that came with a board are very easy to writing and erasing. Easy to clean. Light weight so it's easy to bring in and out the building.

Namfon S. from **Nara Asian Creations Restaurant** on **07/29/2019**

We ordered 4 of these marker boards to direct walk-by and drive-by traffic to our winery. They work GREAT, and clean off exceptionally well. Very happy with the quality of this product.

Anna W. on **05/20/2019**

This marker board is very light weight. I bought it to replace the one that i usually have sitting just outside of the restaurant door. But this new one isnt any heavier than the cardboard it came in. It simply blows over at the slightest air movement. It looks great. Except it has been scratched up by falling. I have to keep it inside.

Joey C. from **Mariachi Mexican Grill** on **04/22/2019**

Thank you for the review Joey Campbell. We're sorry this has not worked well for you. For an alternative that might better meet your needs, check out our Wet and Dry Erase Markers Buying Guide !

WebstaurantStore Customer Solutions

★★★★★

we use this board daily. easy to write on and easy to erase on. it is a great way to promote specials and show some color to our customers.

Ting A. from **Seed Shack** on **04/09/2019**

★★★★★

This is cheap and looks great! However the markers that come with it are nice but if you but the pack of extra wet erase markers that they sell in different colors it POPs

Steven T. from **Founaris Bros** on **03/24/2019**

★★★☆☆

Was really excited about the board and markers were great. However, it's not wide enough when you open it. I had to use zip ties in place of the hook that comes with the A frame to help it stand. Also a little bit of wind knocks it over, I mean it fell allot but stayed in tack, with lots of scratches. If you are only using it inside it works, don't recommend for outside use.

Jay J. from **Mint For You** on **01/26/2019**

Thank you for your feedback! We're sorry you did not prefer this product. For recommendations, please contact our Customer Solutions team.

Easily transport a wide variety of supplies throughout your kitchen and dining area with this Choice 42" x 20" x 38" black 3 shelf utility/bussing cart!

Perfect for hauling bus tubs, food pans, plates, flatware, dry ingredients, and more, this reliable utility cart moves essential items from one room to the next with incredible ease. With a smooth rolling design that anyone can use, this cart is ideal for any crowded restaurant, cafeteria, or catering event.

"This cart exceeded our expectations. It was very easy to assemble, has clean looks and rolls easily. The volunteer for whom it was purchased is delighted!"

Read More Reviews

Three Heavy-Duty 31" x 19" Shelves

A total of three durable plastic shelves can hold a wide array of items, and a 12" clearance between each shelf allows for optimal storage. These shelves have a 500 pound capacity, making them ideal for storing canned goods in the kitchen and also for transporting full bus tubs between the front of house and the back of house.

Dual Molded Handles

Designed to offer outstanding control and maneuverability, a pair of dual molded handles are fitted to each end of the cart. They can be used to push or pull the cart through your facility and help ensure sturdy transport.

Four Swivel Casters

It features 4 swivel casters with 2 brakes that allow you to maneuver around furniture and corners with ease.

500 lb. Capacity

All of the shelves combine to support 500 lb. of evenly distributed weight, providing your operation with limitless versatility.

Minimal Assembly Required

It ships unassembled to provide the best possible cost savings. Only a rubber mallet is required, and full assembly can be complete in minutes.

Choice Utility/Bus Cart

Our Choice utility / bussing cart provides the best in transporting goods and supplies at your restaurant, school, or office. Learn how these carts can make your business more efficient today!

Transcript | Embed

Transport bus tubs, cleaning supplies, and other products around your business with the Choice 3 shelf plastic bussing cart. Designed with 3 shelves these carts give you plenty of space to transport a variety of items around your restaurant, school, or office all at once. They also come with non-marking, smooth-moving 4 inch swivel casters for easy maneuverability. They all have a molded plastic frame and handles for outstanding durability. We offer a selection of Choice busing carts in different sizes and colors. Choose between busing carts that are built to hold either 350 or 500 pounds to best accommodate the needs of your growing business. Each cart is built to measure either 42 x 20 inches or 32 x 16 inches. They easily fit into your storage area when not in use, and they're all 38 inches high, so you can comfortably move them from place to place as needed. You can even

1 out of 2 found this review helpful

Great bussing cart. This holds a ton of weight, is made very high quality. Comes in a few pieces but was easily put together, will buy more.

Sean T. on **01/04/2017**

★★★★★

Great choice for a large bus cart. Three shelves easily fit [2] bus tubs each. Hard to put together - had to really smack the pieces together hard w/ rubber mallet. Instructions translated into English were pretty funny - 'beat w/ wooden sticks' etc. We purchased three carts, and it took about an hour to put them all together.

Awna Z. from **Sweet Beet Station** on **11/01/2021**

★★★★★

We purchased two carts in 2018 and we still have them! They were easy to put together. We make broth in our commercial kitchen and we use these carts daily to transport heavy food supplies. The three layers are also useful.

Pumiwat S. on **09/20/2021**

★★★★☆

These are a little time consuming to put together, however, they are very sturdy and support a lot of weight. Like the option to lock the wheels or keep them mobile!

Stephanie J. from **Fozzy's Bar & Grill Spring Hil** on **07/10/2021**

★★★★★

Great utility cart! Best save on staff's energy! This cart is super durable. It's very easy to assemble and help managing our restaurant environment. We definitely order it again.

Chookiat S. from **Thai Peacock** on **05/16/2021**

★★★★★

Great quality cart! We use them in our restaurant to transport things around and also for taking out large orders. They seem to hold up well.

Trisha S. from **S AND S FOOD SERVICE INC** on **04/26/2021**

★★★★★

really great cart, holds a lot of weight and easy to keep clean and move around! holds 6 tubs which is great for the rush for the buser.

Bertha S. from **El Rio** on **03/24/2021**

★★★☆☆

Very light weight- But whoever said it was easy to put together lied... 30 minutes later and I'm hammering it together still with no luck

Kennedy B. from **Tootsie's Place** on **02/23/2021**

Thank you for your feedback! We're sorry you did not prefer this product. For recommendations, please contact our Customer Solutions team.

WebstaurantStore Customer Solutions

★★★★★

Our chefs use this cart for all sorts of things- from trips to get items from our dry storage area as well as bringing items from our walk in coolers and freezers it cuts down on the number of trips they have to make. Definitely worth the purchase!

Geoffrey L. from **Star Bar Grill Branson** on **01/15/2021**

★★★★☆

Would buy lots of these for transporting anything around the kitchen, storage to table, great height, easy to Move and clean. Overall good purchase and Definitely great service - received one of these that was broken, immediately replaced within the week.

Sarah H. from **Farmhouse Table** on **01/08/2021**

★★★★★

The item is very sturdy for every day use. We bought this item for almost two years with heavy duty use but still running good and smoothly.

Van C. from **Danang Souphouse** on **11/06/2020**

★★★★★

We purchased this car to hold bus pans for customers to place dirty dishes. These are nice and sturdy, a great price, and can be easily used as stationary carts and rolled away as needed.

Tracy F. from **Yummvees** on **10/24/2020**

★★★★★

Just what we needed -- sturdy and useful! We use this for everything from bussing dirty dishes to moving heavy ingredients. Would recommend. Great purchase.

Stephanie H. on **09/12/2020**

★★★★★

I cannot believe the quality of this product. I expected it to be of lower quality due to the price and WOW was I surprised. It was a great buy!!!!

April G. from **Cox Bros BBQ** on **09/04/2020**

This is a great cart that we use for multiple purposes at the bakery. Many times the wheels fall off, but not on this item...It is very durable but lightweight.

Kevin T. on **08/29/2020**

This cart was easy to assemble, very durable and looks good in our lab. The product has held together even when i stood on it to test out its durability.

Luis V. from **Vegaholdings Llc** on **07/07/2020**

Great to use for busing, stocking, and moving heavy items. Easy to put together and clean after a busy night. Seems durable and fits bus bins comfortably and safely.

Meagan B. from **Reefpoint Brew House** on **06/13/2020**

We like to consider this the Cadillac of Utility/Bus Carts. It is a little larger than typical standard carts, but it appears to be extra durable. It rolls extremely smoothly. We use it to empty line coolers at the end of the night and cart them into our walk in cooler.

Robert R. from **Yucatan Waterfront** on **06/04/2020**

We use this carts in all of our restaurants for transporting items safely. Very well built and very sturdy. We highly recommend this product to anyone.

Randy G. from **Viva Chicken** on **05/19/2020**

Very sturdy. Carted our new 200lbs+ espresso machine with no issues. Handles are very sturdy for pushing/pulling, but flex when attempting to lift off the ground. Wheels are big enough to make it over most bumps, but tend to get stuck on ledges. Very well suited to shop usage.

Tyler H. from **Lucabe Coffee Co.** on **04/13/2020**

Wilbur Curtis ALP5GT12A000 Details

As part of the Alpha G3 series, the Curtis ALP5GT12A000 12 cup automatic coffee brewer delivers precision control, high performance and helpful features designed for ease of use and rich, flavorful coffee every time! Four additional warmers (2 on each side) of the unit hold pots of brewed coffee while you brew another pot on the middle warmer, while an included hot water facet makes this model even more versatile. An integrated timer and automatic warmer shut-off helps keep your coffee's quality at its peak, while onboard diagnostics constantly monitor the brewing process

monitor the brewing process.

- Large, brightly lit display makes it easy to adjust time, volume, temperature and brew functions

- Cold water brew lock-out prevents brewing when water temperature dips below set level

- Pre-infusion, pulse brew and adjustable brewing modes help you tailor the cycle for gourmet flavor and optimum extraction

- Stainless steel construction

- Requires a 1/4" water line hookup; water filtration recommended

- Requires a 120V electrical connection

Overall Dimensions:
Left to Right: 22 1/2"
Front to Back: 16 1/2"
Height: 17 1/8"

Globe GPGDUE14 208/240 Details

Cook your most popular hot sandwiches in no time with the Globe GPGDUE14D deluxe double sandwich grill! This sandwich grill features grooved plates to leave your food with mouth-watering grill marks, and the top two grill plates are connected to the base with heavy duty spring hinges that can be adjusted for tension. For easy temperature control, the thermostatic knob can change heat up to 570 degrees Fahrenheit. The whole unit is

made of stainless steel for long-lasting durability, and an internal stainless steel tube protects the wiring from damage. And thanks to its non-skid rubber feet, you can be sure this grill won't move while in use.

Overall Dimensions:
Width: 40 1/2"
Depth: 21 1/2"
Height: 9"

H. Risch MB-WALL 18X28 FULL LOGO Details

Create an attractive menu display with this H. Risch, Inc. MB-WALL customizable wall hanging chalk marker menu board! This versatile board is an ideal addition to your restaurant. It is great for displaying your menu items in an attractive and organized manner while adding a personal touch. Either have the board printed with your full design, or just print your logo and write in your own daily specials and menu items. You even have the ability to

have as much, or as little, pre-printed on the board as possible.

This hanging chalkboard has pre-cut holes in the upper right and left corners to make it easy to hang on the wall (wall mounting parts sold separately). In addition, its 18" x 28" size provides ample space for displaying everything on your menu.

Overall Dimensions:
Width: 18"
Height: 28"

Customer Reviews

Arrange by Most Helpful

Large text is great so that it doesn't go unnoticed I'm our window. We added a nice rope for hanging which works well. The loop holes are the perfect size for any additions, however.

Onteaya M. from **Together Cafe** on **03/28/2020**

This is a very nicely designed open and close sign for your shop or restaurant. Super simple but easy to read. Also, clings well in the window.

Jessie V. on **04/04/2019**

we didnt want the bright lights most businesses typically use, for our restaurant in a Victorian house. This is a great size, suctions work perfectly and gets the job done.

Amy P. from **Trattoria Locale** on **01/20/2019**

★★★★☆

This open/closed sign looks nice, is a good weight, and is way better than our old cheap plastic sign. The reason I gave it 4 instead of five stars is I would have preferred it came with a chain to hang on instead of the suction hooks. I replaced that part.

Francesca F. on **11/23/2018**

Whether you're furnishing a bistro, patio, or even a coffee shop, you can seat your guests in comfort and style with this Lancaster Table & Seating Allegro black stackable resin arm chair.

By adding this versatile, modern chair to your dining area or patio, you'll be able to create an ideal, inviting environment for your guests, indoors or outside. This chair will keep guests comfortable while saving your business time thanks to its low maintenance, lightweight, and easy-to-clean design.

Stackable

This item can safely be stacked with identical or indicated items to promote easy transportation and space-saving storage.

Easy-to-Clean Resin Material

Thanks to a seamless design, this chair is easy to clean and maintain between uses and will not collect dirt or crumbs. Its matte finish resin construction resists wear and will never rust, making this chair ideal for any outdoor space, including coastal areas where salty air can damage metal materials.

Lightweight Construction

This chair is also lightweight, so you can easily move it around your outdoor setting for the best possible view. Your guests will love the opportunity to enjoy the temperate weather with the convenience and comfort of this chair!

Ergonomic Backrest

This chair's ergonomic backrest includes slats to add flexibility and ensure that guests stay comfortable.

Non-Slip Feet

Non-slip feet offer added security and keep the chair upright, ensuring guests remain safe and reducing the risk of injury.

Comfortable Armrests

The included armrests provide your guests with an extra measure of comfort, allowing them to sit back and relax.

Generous Capacity

This stackable chair has a weight capacity of up to 440 lb. Add this versatile, modern chair to your dining area or patio to create the ideal inviting environment for your guests.

Take the guess-work out of selecting compatible table tops and bases by choosing this Lancaster Table and Seating standard height table with 24" round reversible cherry / black table top and cross base plate!

This standard height table comes complete with everything you need to quickly and easily assemble a classic 2-top table. From the strong, sturdy cast iron base plate and spider, to the sleek black column and durable laminated table top, this table is an all-in-one addition to any establishment. Plus, with a contemporary round shape, it's sure to add aesthetic appeal to any establishment, setting itself apart from traditional square or rectangular table layouts.The compact 24" design comfortably seats up to 2 guests without taking up too much room, making it the perfect choice for any restaurant, pizza shop, or cafeteria! This table comes unassembled to save you on shipping costs.

Seating Capacity: 2
Two people can comfortably sit at this table.

"These are good quality tables. They came quickly and were easy to assemble by myself. They look great in my dining room for 2 tops"

Read More Reviews

Cherry / Black Table Top
This table comes with a reversible cherry / black table top. Choose cherry for a classic look or black for a modern touch.

Black Vinyl Molding
Black vinyl molding protects it from chipping and scuffing, extending the life of the table while adding a polished presentation.

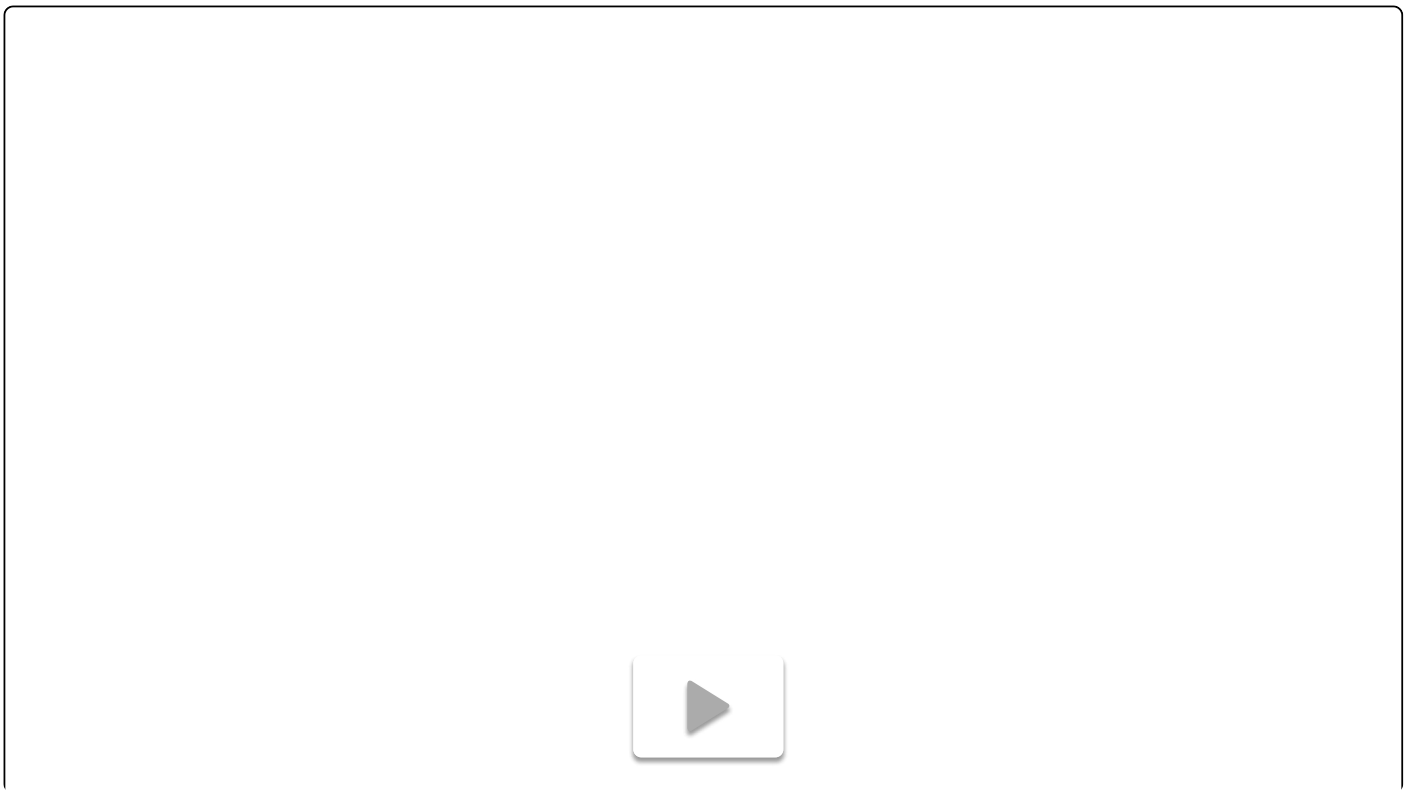
Easy to Clean
The attractive laminate on either side is easy to clean, requiring no maintenance or special chemicals.

Dependable Table Base
This table's eye-catching table top is accented and supported by the included table base. A 25" high black powder-coated steel column and rod extends the table top to dining height and is connected to the table top via a black, powder-coated 10" spider attachment. At the base of the table, a 22" x 22" black, powder-coated cross base plate helps to prevent the table from wobbling, ensuring stability and balance. A 12-piece floor glide and screw hardware kit attaches to the base, further assisting in leveling the table while preventing the base from scratching the floor.

Customer Q&A

Ask a Question

Does the table top come pre-drilled?



How to Assemble a Restaurant Table Base

Before furnishing your bar or restaurant with stylish and sturdy tables, watch this video to learn how to assemble a restaurant table base! Here you'll find the parts and the steps needed for successful assembly.

Transcript | Embed

Assembling your restaurant table base can be done with ease by following a few quick steps! Begin by placing your threaded rod through the hole in the spider, until the end of the rod sits in the top of the spider. Flip this over to then place the column over the threaded rod, and slide it down until it touches the spider. Align the center of the base with the column, and push the end of the threaded rod through the hole in the base. Place the washer and the nut on the threaded rod, and use a wrench to screw the nut into place. When screwing the nut in, make sure that the top of the threaded rod is tight against the spider, which will help to ensure that your base will be stable. Screw the glides into the bottom of the base to finish up the assembly. The first thing you'll do is to take the threaded rod, and slide it through the hole on the spider. Note that the top of the threaded rod

NEW LOW PRICE

Metro C539-CDC-U Description

The Metro C539-CDC-U full-height heated cabinet holds as many as (18) 18-inch-by-26-inch pans or (34) 12-inch-by-20-inch-by-2.5-inch pans. It has the ability to hold product at serving temperatures and proof dough. With its proofing mode, the cabinet has moisture control at low temperatures. The unit operates from 80 to 200 degrees Fahrenheit, and at 95 degrees Fahrenheit, it has 95-percent relative humidity.

Insulation Armour™ technology makes this unit durable with high-density insulation and durable polymer. Controlling the settings on this Metro C539-CDC-U heated holding and proofing cabinet is simple on a control panel with an on/off switch, power-indicator lights, and dial knobs. It also has a clearly visible digital thermometer. To simplify the cleaning process, the panel is removable without tools, and when upgrades are available, the panel can be taken out and replaced by a newer model. It has double-hinged doors, and to fit into different layouts, they are field reversible.

Product Details

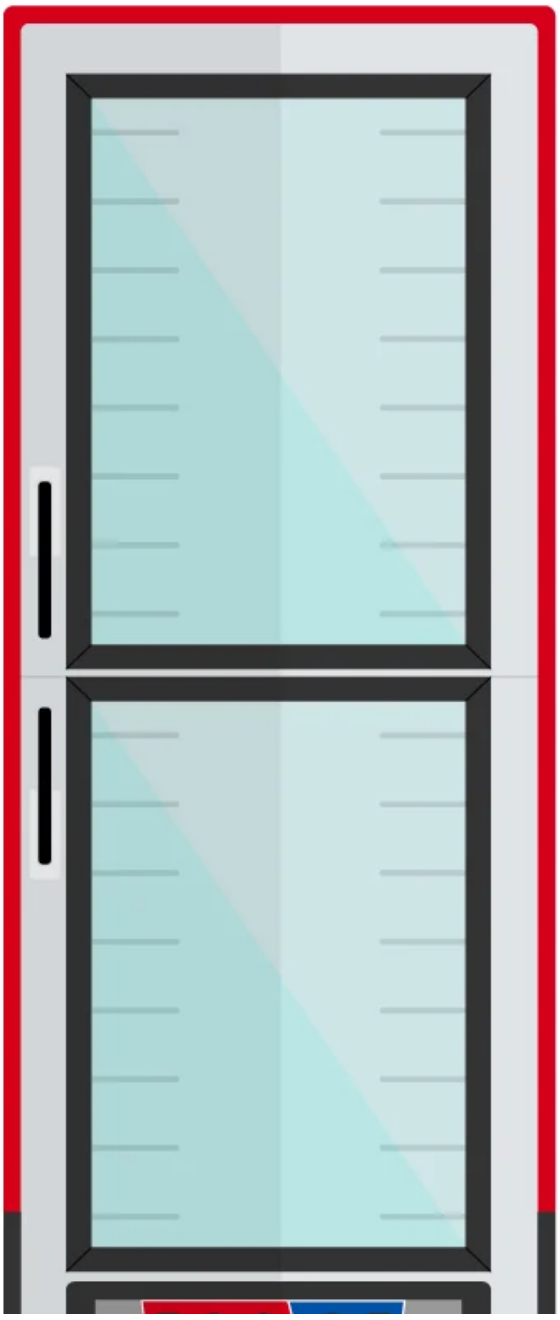
- Part of the C5™ 3 series
- 18 universal slide pairs hold (18) 18-in. x 26-in. pans or (34) 12-in. x 20-in. x 2.5-in. pans

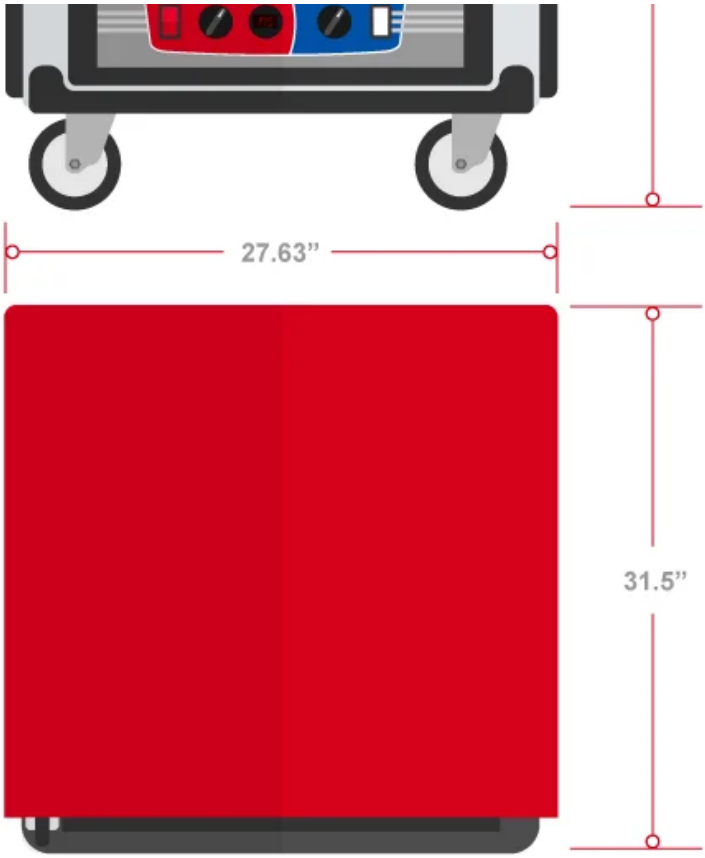
- Thermostatically controlled, forced convection system quickly heats up and offers fast recovery times
- Temperature range: 80-200 degrees F
- Relative humidity at 95 degrees F: 95 percent
- Combination controls have modes for hot holding and proofing
- Moisture control at low temperatures is available for proofing
- Control panel has an on/off switch, power-indicator lights, easy-to-use dial knobs, and a digital thermometer
- Panel is removable without tools for convenient cleanup and updates
- Polycarbonate windows in the Dutch doors enhance product visibility
- Double-hinged, field-reversible doors withstand heavy use
- Red material works well in kitchens
- 2 of the (4) 5-in. casters brake to hold the unit in place
- Requires a 1.5-in. side, back, and top clearance
- Requires an 18-in. clearance from cooking equipment
- Avoid contact with surfaces that reach 200 degrees F

Product Features

POLYCARBONATE WINDOW
Provides maximum visibility to the cabinet's interior

REMOVABLE CONTROL MODULE
Offers easy cleanup and upgrades to future models





Durable Construction with Insulation Armour Design

- High-density polyethylene insulation retains heat, saves energy, and keeps the exterior cool
- Polymer construction is impact, dent, and stain resistant
- Molded-in hand holds create side handles for steering in transport

Dimensions & Utilities

- 27.63 in. W x 31.5 in. D x 71 in. H
- 2000 W, 16.7 A
- 120 V/60 Hz/1 ph, NEMA 5-20P plug

More in-depth information on holding cabinets is available in our heated holding cabinets buyers' guide.

C5™ 3 Series Heated Holding & Proofing Cabinet, with Red Insulation Armour™, mobile, full height, insulated, Dutch clear polycarbonate doors, removable bottom mount control module, thermostat to 200°F, universal wire slides on 3" centers, adjustable on 1-1/2" increments (18) 18" x 26" or (34) 12" x 20" x 2-1/2" pan capacity, 5" casters (2 with brakes), aluminum, 120v/60/1-ph, 2000 watts, 16.7 amps, NEMA 5-20P, cULus, NSF

NU-VU RM-5T 240/3 Details

Solve any issues of baking in limited space by choosing the NU-VU RM-5T full size electric countertop convection oven, a quality space-saving option that sits just 30" wide. NU-VU's patented V-Air technology distributes controlled, heated air evenly to all areas of the oven to ensure even baking. The oven can cook at up to 425 degrees Fahrenheit and handle 5 full-size (18" x 26") sheet pans. The full view tempered glass door allows you to watch over your products throughout the entire baking process!

- V-Air technology for even baking

- Oven cavity holds 5 full-size (18" x 26") sheet pans

- Full view tempered glass door

- Stainless steel interior and exterior

- 6" legs

- 4" shelf spacing

- Choose left or right hinged door

- 7 kW

40848 | Deck | firm | full | oven | size | Denver | culinary | country | chance

Arrange by Most Helpful

2 out of 2 found this review helpful

We have been full size, brick lined "Deck Heads" for over 40 years. While working with a culinary development firm across the country (I am in Atlanta and the firm is in Denver) the need arose for a pizza oven. Rather than shipping a full size deck oven all that way I took a chance by ordering a 40848 and has it shipped direct to the developer. When I arrived 2 weeks later, I was very surprised at the speed and quality of product it produced. With minimal temperature tweaks, we were producing beautiful golden brown pies faster than ever before. I was so impressed with the 40848 performance and economical price, I just ordered another one for my next project.

Kevin S. from **Mellow Mushroom Pizza Bakers** on **07/30/2016**
